GI&C nd <gicnddomain@gmail.com>  
To: dr.vijayalaxmi.nemmaniwar@suryadatta.edu.in

Dear sir,

Greetings !!

As discussed on the What's app.

SEBI - **Securities Exchange Board of India** has the prime mandate to protect the interest of investors in the securities market. It endeavors to educate them with the basic premise that "An educated investor is a protected investor". Financial education is an important tool, which empowers people to make sound and responsible financial decisions.

We **G- Institutions and Consultancy** takes an opportunity to work for such a noble cause to conduct an Investors Awareness program for spreading financial awareness by conducting a webinar for one hour. As this is sponsored program by the **National Stock Exchange (NSE)**, no fee is charged for this. it's free of cost. **The topic will be "Personal Financial Planning"**.

Hence, I request you to please arrange this for all the staff and students of your organization, please confirm your convenient date and time and expected participants for the same.

Looking forward to your kind cooperation in this regard. Please feel free to contact if any query.

**Disclaimer: We do not deal in selling or marketing any kind of investment product.**

--

Thanks and Regards,

Ms. Amisha

Manager - (G-Institutions and consultancy)

Time of Workshop: 12.00 pm to 1.00 pm

Dr. Abbas Lokhandwala

Principal

Dr. Vijaya Laxmi Nemmaniwar

Program Co-ordinator

## CAREER COUNSELLING SESSION

Friday, 25th September 2020

**Session Time: 12 PM To 01 PM**

**SPEAKER: CS Mr. KUNAL SARPAL (MOBILE NO- 9370465710)**

### **About Speaker:**

Kunal R. Sarpal is a practicing Company Secretary and a Lawyer. One of the youngest to clear the CS course at age 20 alongside his commerce graduation, securing an All India Rank and immediately start practicing. He is the Founder & Managing Partner of White Collar Legal LLP, a boutique Corporate, Cyber, Intellectual Property Rights Law firm, started in 2013 and now has branches in Mumbai, Delhi, Surat and Pune, serving more than 350+ clients with a 25+ member team. He also serves as a faculty, advisor and mentor at many renowned institutions such as IIM Ahmedabad, Tata Institute of Social Sciences, Flame University, Symbiosis International University. He's a TEDx speaker and has also been appointed as an ambassador by the Ministry of Youth Affairs and Sport.

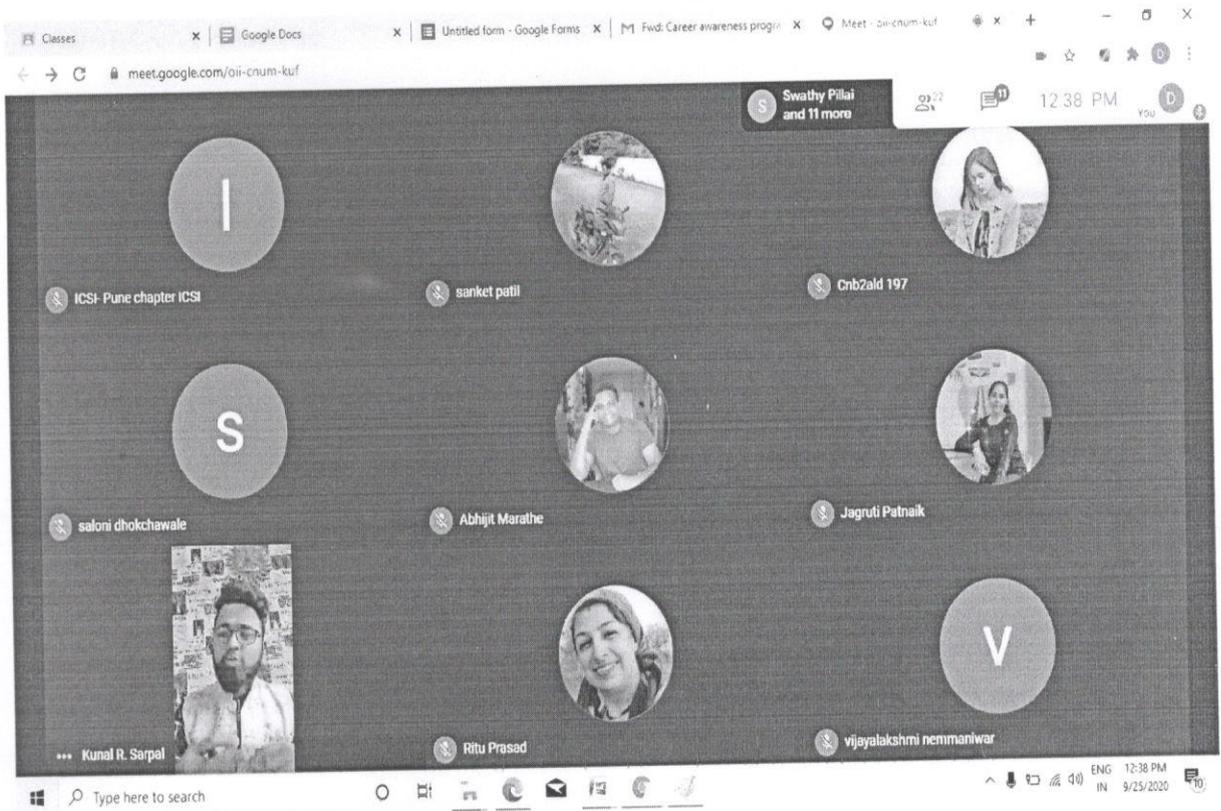

### Welcome Speech:

Ritu madam gave a welcome speech and introduced the Speaker and Session started on time at 12 pm. SCMIRT faculties and students joined the session through Google Meet Link. Speaker initially shared his career journey as Company Secretary. He said he was a very average student and scored Xth 71% and XIIth 74%. He appeared for CS entrance exam after 12<sup>th</sup> Std passed with flying colors. He was in all India Rank. **He is now successfully practicing as CS.**

**Following important points about professional careers were shared by him while answering the number of questions by students.**

## About CS Course

1. He said being very average I was able to complete CS course successfully as I found my space, it was interesting and matching with my skills.  
CS course requires lot of readings. More theory part is there. Many law sections need to be by heart. Legal literacy is required here, So your interest in theory, continuous reading capacities i.e at least 7-8 hours reading every day is something very essential while perusing the course.

### **About CA Course**

He insisted that for completing CA Course more analytical approach is expected. More numerical along with theory is part of CA Course. So you need to practice a lot with analytical mind. Questions are very challenging, so students may require 3- 6 years Studies also. Lot of hardwork, patience, focused studies are expected.

### **About CMA Course**

He insisted that along with analytical skill you should be very smart financially. This again requires focused regular studies of 7 to 8 years. Hardwork, patience and researched approach for learning is required. Because portion is huge and challenging.

He concluded that his friend from interior not from English medium was able to complete CS and now he is also a very successful CS Practitioner. Only thing required is your commitment for studies with hard work and focused efforts.

He insisted to join a professional course .E.g. Every year we have to do a certain mandatory hours of learning .it's called professional development hours. In these professional development sessions you meet all companies

criticism i.e. city level then, you made all of them in Maharashtra, then you made all of them in the western region, then in India and then they have an International Convention. So it's a very good bonding that is created among the fraternity members and similarly when you meet people from my profession there is a certain level of knowledge guarantee, certain level of Polish guaranteed and continuous practical application of knowledge also guaranteed because of the training. So here you are developing continuously ie. Professionally and ultimately financially also. There is tremendous job satisfaction.

Students were really inspired by the session.

#### **Vote of Thanks & Conclusion of Session**

Dr Vijayalaxmi gave the vote of thanks to the speaker, students, placementgroup, Ritu mam and all program volunteers and session concluded.

## Guest Lecture Topic-Recent Trends in Research (Online Session on Google Meet)

**Date of the Event-30 October 2020**

**Speaker-Dr. Sarika Lohana Time-01.00 pm to 02.30pm**

An Online Session on Google Meet was arranged for SY MCOM, TY BBA and TY BBA IB students. Dr. Sarika Lohana was the Guest Speaker for the Session.

Session started with the Introduction Session of Dr. Abbas Lokhandwala, Principal SCMIRT. In his Introduction session he insisted Speaker to explain the Topic Selection for Research along with the importance of Session for Projects of the students. He said Suryadatta is a world class institution. The institution is known for its academic excellence and holistic approach.

Welcome speech was given by Dr. Vijayalaxmi. A warm welcome was given to by Dr. Vijayalaxmi, HOD Commerce to the speaker Dr. Sarika Lohana. She shared with participants vast list of achievements to her credit and her wide experience. (It's a big list which is attached with the report)

Speaker started her session with a Quote on Research which is shared here-

**'Many people say that it is the intellect which makes a great scientist, they are wrong, it is the character' quote by Albert Einstein.'**

She defined research as **'Scientific research is a systematic, controlled empirical and critical investigation of proportions about the presumed relationships about various phenomena' Kerlinger.**

*Following are the important points about the research covered by the speaker in nutshell-*

**1. Plagiarism-** She very simply defined that Plagiarism as **'The act of taking the writings of another person and passing them off as one's own.'**

She explained the different forms of plagiarism with examples which are listed here

- Verbatim Plagiarism

- Mosaic Plagiarism
- Paraphrasing
- Self-Plagiarism
- Cyber Plagiarism
- Image Plagiarism

She also further elaborated the do's and don'ts of Plagiarism.

**2. Citation**-Further speaker explained the concept and importance of the citation and how the papers are rejected in good journal on the basis of citation.

She specifically gave very interesting information that the citation recording method is different for different references such as-

- Websites
- Emails
- Library Database
- Radio and TV Episodes
- Websites-Government
- Websites-Professional or Personal
- Articles from Journal

Further Dr Sarika also shared through examples how the Plagarsim websites could be helpful while creating the list of citation.

**3. Selection the Research Topic**-Speaker explained about the process of topic selection for students who will be going for project work in current academic year

**4. How to do Literature review**-She also explained the process of Literature review , which really was very guiding for the students.

At the Question Answer Session took place where students cleared there research doubts.

Overall session was very informative and interesting and speaker explained all the concepts in a simple and flawless manner.

At the endAsst Prof Monika Kulkarni proposed the Vote of Thanks.She expressed her heartfelt thanks to Guest Speaker Dr. Sarika Lohana. Futher she expressed her sincere thanks to President Prof Dr. Sanjay Chordiya, CEO and Group Director Dr.Shailesh Kasande, Principal Dr Abbas Lokhandwala,CommerceHOD Dr.VijayalaxmiNemmaniwar ,Students SCMIRT and Team SCMIRT.

## Google Meet Report -15/07/2020

### Major issues and challenges in online sessions :

According to the HODs and PCs , the challenges in online sessions are as following,

- 1.Attendance -is the problem faculties are facing in these sessions but comparatively to the physical classes the students involvement and attendance is improved .
- 2.Network and bandwidth issues -for both the students and educators-students are inaccessible ,remote areas and poor range is one of the reasons .
- 3.Some of the faculties cannot record the videos of sessions.
4. Event management students boycotted the sessions as organised in zoom
- 5.For practical and accounting courses there are issues in teaching and explaining etc.
- 6.Various simulations and tools usage and training requirements for all in terms of engagement of students.

### Valuable inputs from Dr.Shailesh Kasande , CEO and Group Director in the meeting :

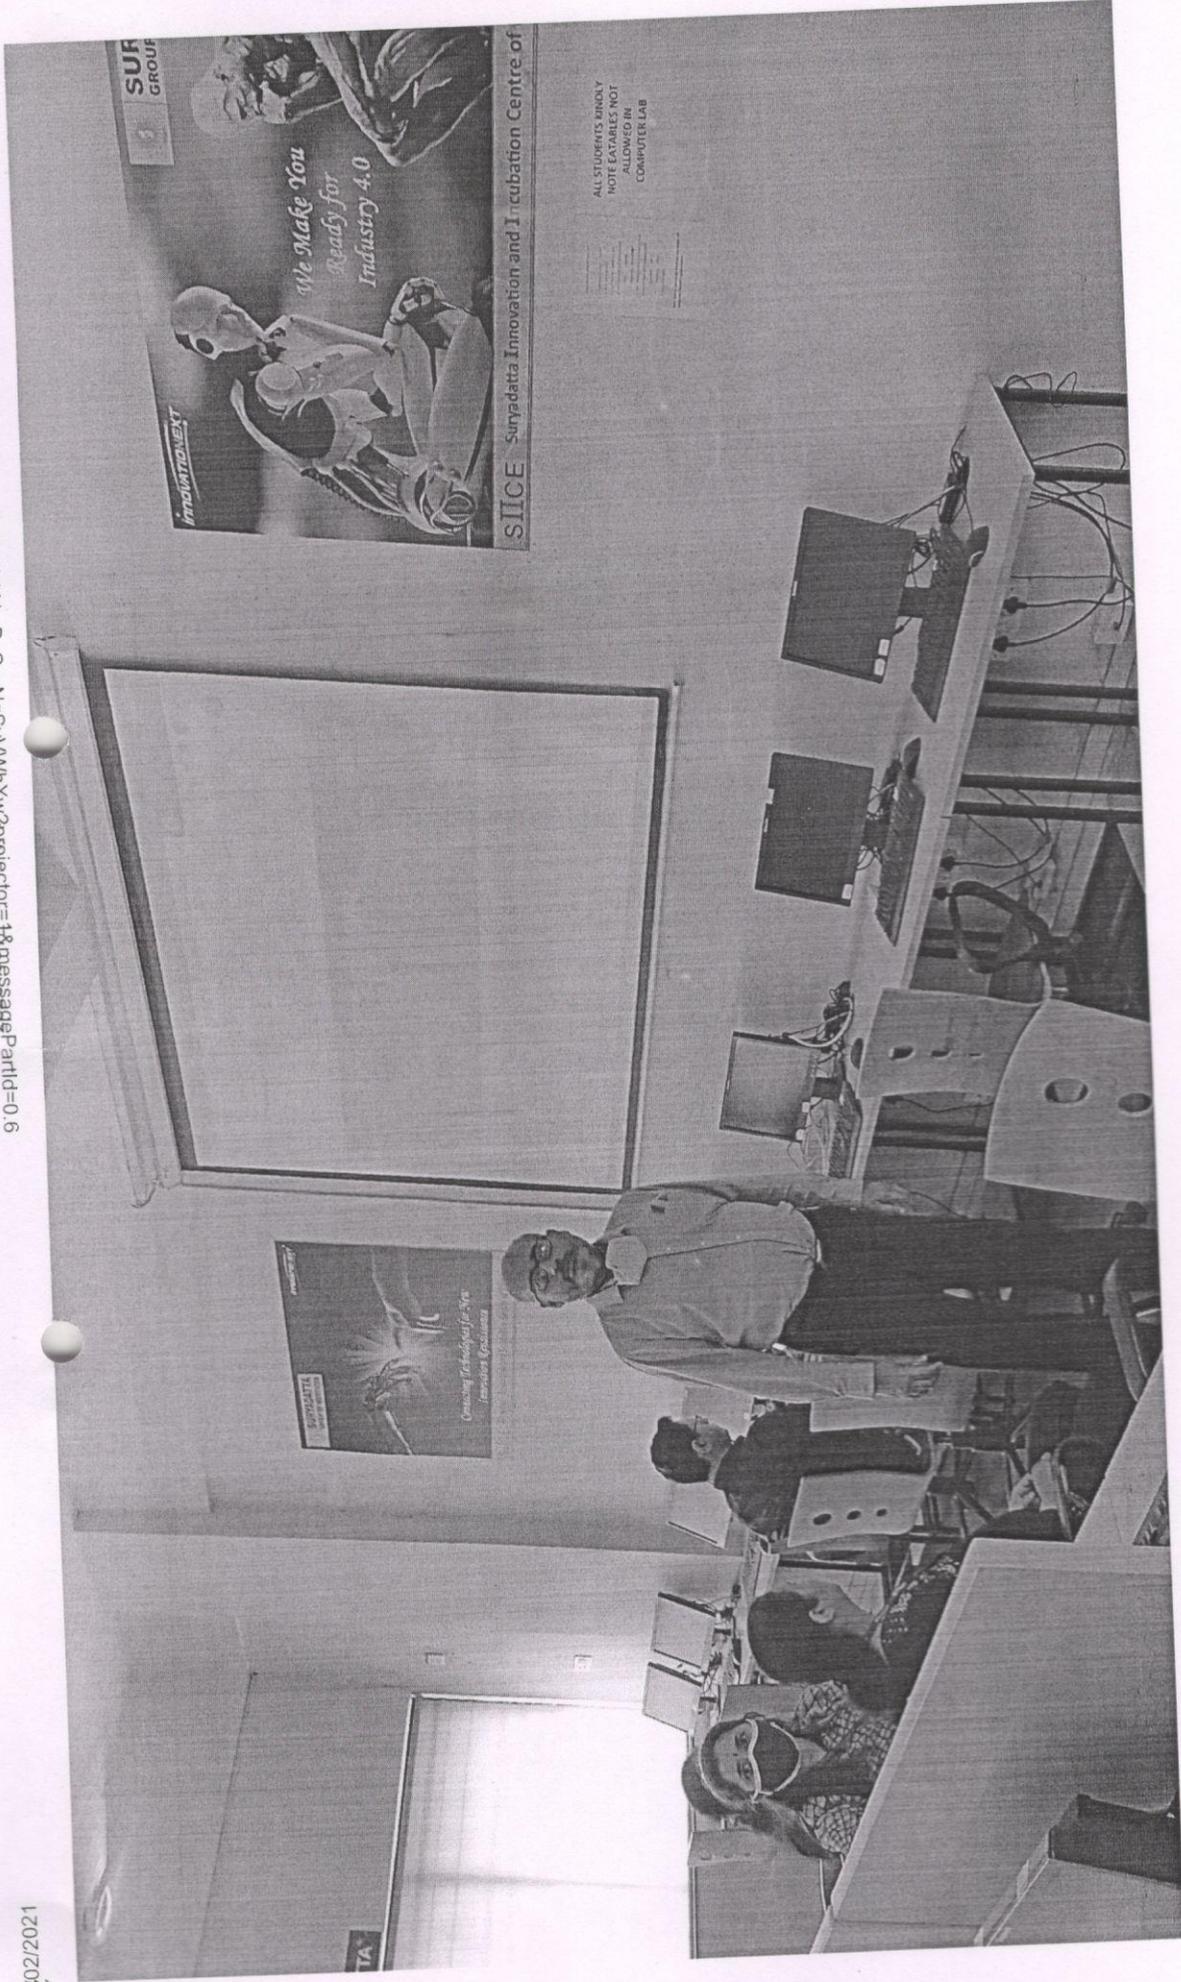

1. Every faculty member has to focus on original content creation .
2. Optimum usage of Google ecosystem alongwith building competencies for the same is expected .
3. The parameters for the educators assessment will be based on the ,
  - a.Subject Matter expertise
  - b. Pedagogy expertise
  - c.Technological expertise
  - d.Tools usage expertise
- 4.All of them has to be self reliant in learning and applying the innovative and appropriate material in process
- 5.Assessment and concurrent evaluation process daily,weekly has to be managed in the sessions.
- 6.Everything in terms of usage of tools ,engagement of classes ,and assessment designing will be monitored .
- 7.Masterlist of all the contents and videos preparation is mandatory for all.
- 8.An organized list of syllabus/content /sessions has to be compiled for the records and documentation purpose
- 9.Login should be only from official Id for students and faculty members is mandatory .

10. Half an hour spent on social media has to be written in excel sheet of daily report and google form .
11. Training sessions on a weekly basis for performance , monitoring and improving in online sessions will be conducted for all .
12. Feedback on a regular basis from the students and parents to be collected to measure the success of sessions .
13. Expert faculty members from every institute will be identified for Question bank preparation for smooth functioning of examination .
14. Technological skills of the faculty members to be updated for the effective online teaching learning process.
15. Outcome based teaching/learning should be adopted for NAAC and NBA process and quality improvement .

# Suggestions

Dear Professors

Thanks for meeting and sharing your course material  
Here are some suggestions from my side  
Please have a look

Sandeep

## Student Assignments

1. Any student assignment that can be referred online , should be submitted online  
This can be a reference material for institute and also help students during interviews  
  
E.g.  
Website design in Web technologies  
Online Presentation of Projects to be posted online on Youtube
2. Diversify range of CCE assignments, try to move away from Q&A  
  
E.g  
Project Management course can have a mock Project (that runs end to end throughout the semester)  
  
Entrepreneurship courses can have mock startup (that runs end to end throughout the semester)  
  
HRM Courses can have design of Policy, Plan and Process for Recruitment, Training etc
3. Moot Courts can be used as a CIE/CCE for Law Courses. Online Moot courts can also be done.
4. Use simulators and tools , wherever there is a scope for it , irrespective of whether it is suggested in syllabus or not. Learning would be enhanced with use of the above mentioned.  
Every programming language is likely to have a free online simulator.  
Wherever a diagram is required , use a tool like planttext.com

Wherever software is available and assignments can be solved using software, identify a free online software. There are free software for Project Management, accounting etc

For Communication / Soft Skills based courses , Vocabulary tools can be used for 5 min per class

<https://my.vocabularysize.com/>

There are tons of sites for vocabulary test

Use Excel wherever possible

<https://www.waveapps.com/pricing>

For accounting related assignments

### Google Drive / Classroom

5. Organize content across folders on Google Drive (avoid putting everything in common folder)
6. Excel sheet with granular list of topics from syllabus , mapped to online videos and PPTs  
Apart from posting content in google classroom , let there be a single Excel as well with the above mapping

### Presentations

7. Font should be readable on PPTs when the session is viewed on Mobiles . For larger content, split it across multiple slides
8. Time permitting, provide Custom Animation on slides
9. Images - Pictures should be used on slides wherever they can add value and illustrate the concept further

### Content

10. Examples are a must where there is a conceptual content  
E.g.

# NATIONAL WEBINAR ((●)) ON

**“Technological Reforms in Commerce and Management”**

**ORGANIZED BY:** Department of Commerce & Management in association with IQAC, SCMIRT.

## Chief Patrons:

Prof. Dr. Sanjay B Chordiya,  
*Founder President & Chariman*

Smt. Sushama Chordiya,  
*Vice President*

Dr. N. S. Umrani  
*Pro-Vice-Chancellor SPPU*

## Organizing Committee

Dr. Shailesh Kasande  
*CEO and Group Director*

Dr. Abbas Lokhandwala,  
*Principal, SCMIRT*

## DAY & DATE:

TUESDAY,

5<sup>th</sup> OCTOBER 2021

TIMING: 10:00 AM TO 02:00 PM

## REGISTRATION LINK

<https://forms.gle/f34NCqn4ZoRj65E77>

**FREE  
REGISTRATION**

*\*Registration in Compulsory*

*\*E-Certificate will be given to participants*

### **Organising Committee**

1. Dr. Shilesh Kasande
2. Dr. Abbas Lokhanwal (Principal)
3. Ms. Monika Kulkarni (Convener)
4. Ms. Priyanka Wankhade (Coordinator)
5. Ms. Rasika Naik (IQAC Coordinator)
6. Ms. Rasika Dighde ( Member)
7. Ms. Priyanka Jadhav ( Member)
8. Ms. Priya Barhate (Member)
9. Ms. Natali Sakharkar (Member)
10. Ms. Swati Inamdar (Member)
11. Ms. Khushali Oza

### **Anchoring Team**

1. Ms. Monika Kulkarni (Convener)
2. Ms. Priyanka Wankhade (Coordinator)
3. Ms. Rasika Naik (IQAC Coordinator)
4. Ms. Rasika Dighde ( Member)
5. Ms. Priyanka Jadhav ( Member)
6. Ms. Priya Barhate (Member)
7. Ms. Natali Sakharkar (Member)
8. Ms. Khushali Oza

Commerce Department of SCMIRT had organised the National Webinar on 5<sup>th</sup> October 2021 ,on the **Topic ‘Technological Reforms in Commerce And Management’**. It was an online Webinar on Microsoft Teams. Around 200 participants attended the Webinar.

**Welcome Address by Dr. Abbas Lokhandwala (Principal-SCMIRT)**

Dr. Abbas Lokhandwala gave a warm welcome to guests, resource person and all participants on behalf of Prof. Dr. Sanjay B. Chordiya (Chairman And Founder President). He shared about enthusiastically information about the SCMIRT, Commerce department and idea and objective behind the Commerce National Webinar . He invited the Chief Guest to share their thoughts and guidelines for the session.

**Chief Guests ‘Words of Wisdom’-(Dr. Parag Kalkar,Dean Commerce and Management Department, S.P.P.U.)**

Dr. Parag kalkar as usual joined the session enthusiastically. He was of the opinion that the topic of webinar is highly applicable and important in current period. He said technological reforms are going on very speedily and this has changed the commerce and trade vitally. Educationist, academician and students must upgrade themselves with current technological transformation and shall not be lagging behind. He shared his blessings and best wishes for the webinar and participants.

Panel members were the Eminent Resource persons from all over India .They have made the sessions highly informative and interesting. Following are the highlights of the Webinar -

**1. Technological Reforms in Commerce And Management (Key – Note Speaker-Dr. Manoj Kamat ,Principal- Mallikarjun Desai College of Arts Commerce & Science, Canacona, Goa)**

Dr. Manoj Kamat touched the various aspects of technological reforms taking place globally in Commerce and management field.

He especially spoke about the Cloud Accounting, Block Chain Accounting ,Big Data Analytics and Role of Artificial Intelligence. **He said that the “ Artificial intelligence is the branch of computer science concern with making computers behave like humans.” He further said that the term AI was coined by McCarthy of MIT in 1956.**

He said that Cloud computing is going to bring big change in commerce and management. Cloud computing is cloud storage and not storing data physically in your hard drive, but storing it at remote location . Everyone get the access of it and security of data is also assured. A big reform will take place with digital transformation. He further he pointed the role of Big Data Analytics. He said if you search on you tube about the spiritual topics then you start getting the similar topic videos collection on you tube and you google about the particular brands, then you start getting the information of that brand on your facebook. This is the role of Big Data analysis, which is now controlling our life our business and trade also. Further very interestingly he shared the information about cognitive computing and memory computing. He also further contributed about the role of Blockchain Technology in commerce and management.

He said earlier the game changer was information and now the game changer is digital transformation. Sir also discussed about the Machine learning and how its impacting our trade and business.

## **2. Technological Change And Commerce Discipline And Flat World Economy**

**Dr. N.D. Mathur (Professor-Manipal University)**

A very senior Professor from Jaipur discussed about the 'Technological Change And Commerce Discipline And Flat World Economy'. The following important information was shared by the sir. Initially sir introduced the participants with the ten flatteners of World Economy which are mentioned below.

### **Ten flatteners**

- 1. New age creativity**
- 2. New age connectivity**
- 3. Workflow software's**
- 4. Uploading**
- 5. Offshoring**
- 6. Supply chaining**
- 7. Outsourcing**
- 8. Insourcing**
- 9. In-Forming**
- 10. The Steroids**

He further introduced about the technological changes such as concept of Artificial Intelligence. He explained that -

**“ Artificial intelligence is the ability of a computer / computer-controlled system(robot) to perform tasks commonly associated with intelligent beings.”** He in detail explained about the Artificial Intelligence Types and also about its applicability in different sectors such as Health Sector, Retail Sector, **Entertainment Industry, Automotive sector, which is given here-**

- **Healthcare-More accurate diagnostics, Image recognition-based diagnostics of x-Rays and other scans.**
- **Automotive Sector-Driverless cars,They will change mobility and logistics fundamentally.**
- **Financial Services-Personalized financial planning, Fraud detection etc.**
- **Retail Sector-Image recognition in shelves, Stocking levels and inventory etc.**
- **Entertainment Sector- Tailored advertisements, Personalized video by FB on your birthday or anniversary**

Further he also thrown light on the technological change by comparing Humans with Artificial Intelligence.

The speaker also discussed about the important concept of RPA, the key points about this are shared here.

#### **ROBOTIC PROCESS AUTOMATION**

- **Military Robots: Bomb defusing, robotic armies.**
- **Industry Robots: Assembly lines, warehouses, Quality control, heavy lifting.**
- **Robots (collaborative robots): Man and robot work side by side. Man doing cognitive task and robot doing heavy lifting.**
- **Construction robots:**
- **Agricultural robots**
- **Medical robots**
- **Sports robots**

**Furthter the speaker contributed about the technological change impact ,the important impact areas are shared here-**

- ECONOMY
- GDP, Investment, Consumption, Employment ,Trade, inflation and growth.
- Ageing- ability to live longer and healthier.
- Working age population
- Retirement and individual life planning.
- Ability to work smart.

He concluded the talk with a beautiful , meaningful and applicable poem-

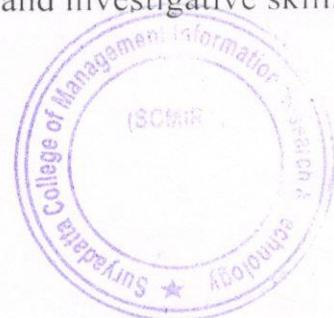

हमको नई रविश के हल्के जकड़ रहे है।  
बातें तो बन रही है पर घर उजड़ रहे है।।  
पुरानी और नई रोशनी में फर्क सिर्फ इतना है।  
उसे कश्ती नहीं मिलती, इसे साहिल नहीं मिलता ।।

**Forensic Accounting-(Prof. Debabrata Mitra, Professor, Department of Commerce, University of North Bengal)**

**Content from the session of the speaker are shared here-**

In the emerging economic scenario, forensic accounting is an essential tool for uncovering or inquiry of financial crime and the direction of justice providing decisive information about the facts found related to financial crime. It is a new area, but in recent years, banks, insurance companies and even police have increased taking help of forensic accountants.

Forensic accounting is a specific area of accounting which investigates fraud and analyze financial information which can be utilized in legal trials. Forensic accounting is judicious mix of accounting, auditing and investigative skills to perform investigations of financial frauds.

## **Sir, Further discussed about the Forensic Accountant and Forensic Auditing-**

### **Forensic Accountant:**

The authenticity of the results found by Forensic Accountant depends on the knowledge, skills, and experience of the forensic accountant. A forensic accountant must be capable of integrating knowledge and skills in the examination, analysis, interpretation, reporting, and testimonial support of evidence. In court, the forensic accountant can be an expert witness, a consultant, or play other roles such as trier of fact, special master, court -appointed expert, referee, arbitrator, or mediator.

### **Forensic Audit:**

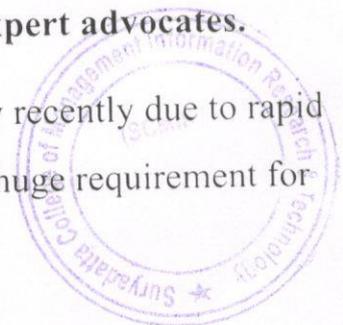

Investopedia defines - A forensic audit is an examination and evaluation of a firm's or individual's financial information for use as evidence in court. A forensic audit can be conducted in order to prosecute a party for fraud, embezzlement .

### **He also discussed about the problems of Forensic Accounting such as-**

- Forensic accounting is developing field of financial fraud detection. There is acute shortage of qualified accountants with adequate technical knowledge of forensic issues in India.
- In India, most of the financial fraud cases involved politicians, so it is crucial to find evidences against them.

**Indian judicial system still follows age old British judicial system. It is expensive to bring the matter to court and hire expert advocates.**

Forensic Accountants has come to the limelight only recently due to rapid increase in frauds and white-collar crimes. There is huge requirement for

honesty, fairness and transparency in Indian Corporate reporting. The Institute of Chartered Accountants of India (ICAI) started a course on forensic accounting for only its members. It is "Certificate Course on Forensic accounting and Fraud Detection using IT and CAATs". At present, very few academic institutions are offering courses (full time or part time) on forensic accounting. Indian universities are lagging behind in this area as compared to other foreign universities.

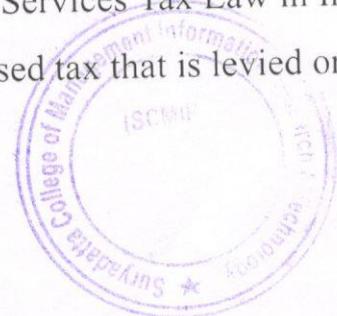

Forensic Accounting should not become a matter of specialization and expertise of a chosen few. It should be made a part of the curriculum at the undergraduate as well as the post-graduate level across the country. This will help the corporate and the government to keep a check on crime at the outset only. At the same time, requisite amendments in the law should be undertaken to establish the importance of forensic accounting in general and forensic accountants in specific.

#### **4. Reforms in GST- Advocate Pushpsheel Thakar ,Pune**

##### **Advocate Pushpsheel discussed following points about GST Reforms-**

Goods and Services Tax was introduced in India from 1<sup>st</sup> July 2017. India is having dual GST. This has replaced number of indirect taxes such as-

- the excise duty, VAT, services tax, etc. The Goods and Service Tax Act was passed in the Parliament on 29th March 2017 and came into effect on 1st July 2017. In other words, Goods and Service Tax (GST) is levied on the supply of goods and services. Goods and Services Tax Law in India is a comprehensive, multi-stage, destination-based tax that is levied on

every value addition. Many countries in the world have a single unified GST system i.e. a single tax applicable throughout the country.

However, in federal countries like Brazil and Canada, a dual GST system is prevalent whereby GST is levied by both the federal and state or provincial governments.

In India, a dual GST is proposed whereby a Central Goods and Services Tax (CGST) and a State Goods and Services Tax (SGST) will be levied on the taxable value of every transaction of supply of goods and services

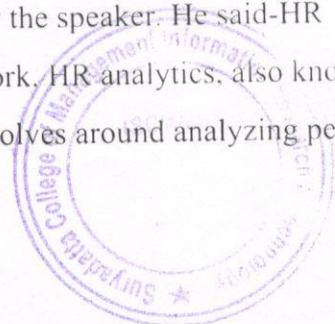

GST is a single domestic indirect tax law for the entire country. Benefits of GST are discussed by speaker which is given below-

- **The Dual GST** is expected to be a simple and transparent tax with one or two CGST and SGST rates. The dual GST is expected to result in:-
  - reduction in the number of taxes at the Central and State level
  - decrease in effective tax rate for many goods
  - removal of the current cascading effect of taxes
  - reduction of transaction costs of the taxpayers through simplified tax compliance
  - increased tax collections due to wider tax base and better compliance

#### **5. HR Analytics – Mr Mithlesh Dhar (HR Senior Professional, Hyderabad)**

**Following are details from the session of Mr Mithlesh Dhar.**

HR Analytics meaning and overall concept was discussed by the speaker. He said-HR analytics is a data-driven approach to managing people at work. HR-analytics, also known as people analytics, workforce analytics, or talent analytics, revolves around analyzing people

problems using data to answer critical **questions about your organization**. This enables better and data-driven decision-making.

**HR analytics** , helps **HR** leaders better recruit, retain, and forecast talent needs. Improve decisions on **workforce** diversity, employee retention, and talent acquisition. Personalised Dashboards. Maintain Data Privacy.

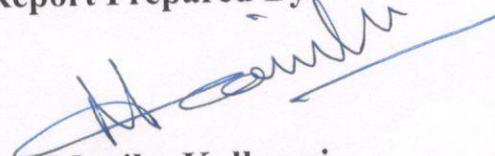

**HR Analytics can** Collect and analyse past data on turnover to identify trends and patterns indicating why employees quit. It Collect data on employee behaviour, such as productivity and engagement, to better understand the status of current employees. It Correlate both types of data to understand the factors that lead to turnover. It Help create a predictive model to better track and flag employees who may fall into the identified pattern associated with employees that have quit. It develop strategies and make decisions that will improve the work environment and engagement levels. It Identify patterns of employee engagement.

All session were made very interesting , informative and knowledge updating. At the end of the session feedback form was shared and declared by Ms. Rasika Naik that registered participants will be getting E-Certificates after filling the feedback forms.

### **Vote of Thanks**

At the end Vote of thanks was given by Ms. Rasika Naik(IQAC Coordinator) to all resource persons, participants and all the Teaching and non Teaching staff of the college for their support, motivation and whole hearted contribution.

**Report Prepared By-**

  
**Ms Monika Kulkarni**

To,

SCMIRT

**Subject: Workshop on Intellectual Property for the First year PG Students**

Respected Mam / Sir,

We had conducted a session for the first year post graduate students, a series of sessions on Intellectual Property Rights. The sessions were conducted between the 13<sup>th</sup> of December and 21<sup>st</sup> of December 2021, for 2 (Two) hours on each day. The session was focused on the basic of the different areas of Intellectual Property Rights.

The topics covered are as follows:

- Trademarks
- Copyrights
- Patents
- Designs
- Trade Secrets
- Geographical Indicators

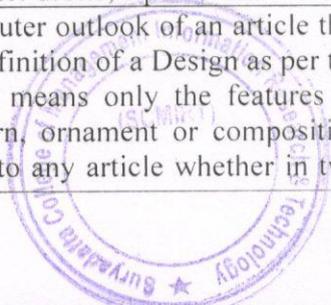

We had over 100 different students who had attended the session. The students had been interactive through the entire session. Despite the different dialects, the students were handled with a blend of different languages to be able to reach out to them. The students have been cooperative and attended the sessions with maximum interest. The students were evaluated from time to time during the sessions through case study assessment and group activities.

The aim and goal of these series of sessions were to help the students understand the importance of the Intellectual Property Sector. These sessions have targeted the need of Intellectual Property as an essential factor in all areas of globalization and dynamic growth. The students had the opportunity to learn about the impact of Intellectual Property in different areas. Many questions put forth by the students were also addressed.

The day-by-day report is as follows:

Date	Topic Covered	Session Brief
13 <sup>th</sup> December 2021 (2 Hours)	Fundamentals of IPR	Intellectual property (IP) is a category of property that includes intangible creations of the human intellect. There are many types of intellectual property, and some countries recognize more than others. The most well-known types are copyrights, patents, trademarks, designs and trade secrets.
14 <sup>th</sup> December 2021 (2 Hours)	Fundamentals of Trademarks	A trademark is a type of intellectual property consisting of a recognizable sign, design, or expression which identifies products or services of a particular source from those of others. The trademark owner can be an individual, business organization, or any legal entity. A trademark may be located on a package, a label, or on the product itself. Trademarks used to identify services are sometimes called service marks.
15 <sup>th</sup> December 2021 (2 Hours)	Fundamentals of Copyrights	Copyright is a right given by the law to creators of literary, dramatic, musical and artistic works and producers of cinematograph films and sound recordings. In fact, it is a bundle of rights including, inter alia, rights of reproduction, communication to the public, adaptation and translation of the work. There could be slight variations in the composition of the rights depending on the work.
16 <sup>th</sup> December 2021 (2 Hours)	Fundamentals of Patents Part 1	Patent is a grant given by the Government to an inventor for having made an invention, which possesses the property of novelty, non-obvious and industrial utility. Once granted, a patent gives the inventor the right to exclude others from making, using, selling, importing or offering for sale the invention for the duration of the patent term.
17 <sup>th</sup> December 2021 (2 Hours)	Fundamentals of Patents Part 2	Process Patent: Process patent is granted for the process of obtaining the product but not the product itself. For example, process patent is granted for Global Positioning System (GPS). Process patent may include any type of process which is new, inventive in nature and has industrial application. Product Patent: Product patent is granted for the end product and not for the process. To obtain a Product patent the product must be new, inventive in nature and involves industrial application. Some of the examples of Product patent are Quadcopter drone, I-phone device etc.
20 <sup>th</sup> December 2021 (2 Hours)	Fundamentals of Designs	In general, a design is the outer outlook of an article that a naked eye can see. The definition of a Design as per the act provides that a design means only the features of shape, configuration, pattern, ornament or composition of lines or colours applied to any article whether in two

		dimensional or three dimensional or both forms, by any industrial process or means, whether manual, mechanical or chemical, separate or combined, which in the finished article appeal to and are judged solely by the eye, but does not include any mode or principle of construction or anything which is in substance a mere mechanical device, and does not include any trademark or property mark or artistic work.
21 <sup>st</sup> December 2021 (2 Hours)	Fundamentals of Designs and Geographical Indicators	<p>Trade secrets are a type of intellectual property that comprise formulas, practices, processes, designs, instruments, patterns, or compilations of information that have inherent economic value because they are not generally known or readily ascertainable by others, and which the owner takes reasonable measures to keep secret. In some jurisdictions, such secrets are referred to as confidential information.</p> <p>A geographical indication (GI) is a name or sign used on products which corresponds to a specific geographical location or origin (e.g., a town, region, or country). The use of a geographical indication, as an indication of the product's source, acts as a certification that the product possesses certain qualities, is made according to traditional methods, or enjoys a good reputation due to its geographical origin.</p>

**An important event for the financial awareness of students of SCMIRT was arranged for all graduate and undergraduate programs of the institution.Webinar was arranged on WEBEX and link of the Webinar was shared with the students.**

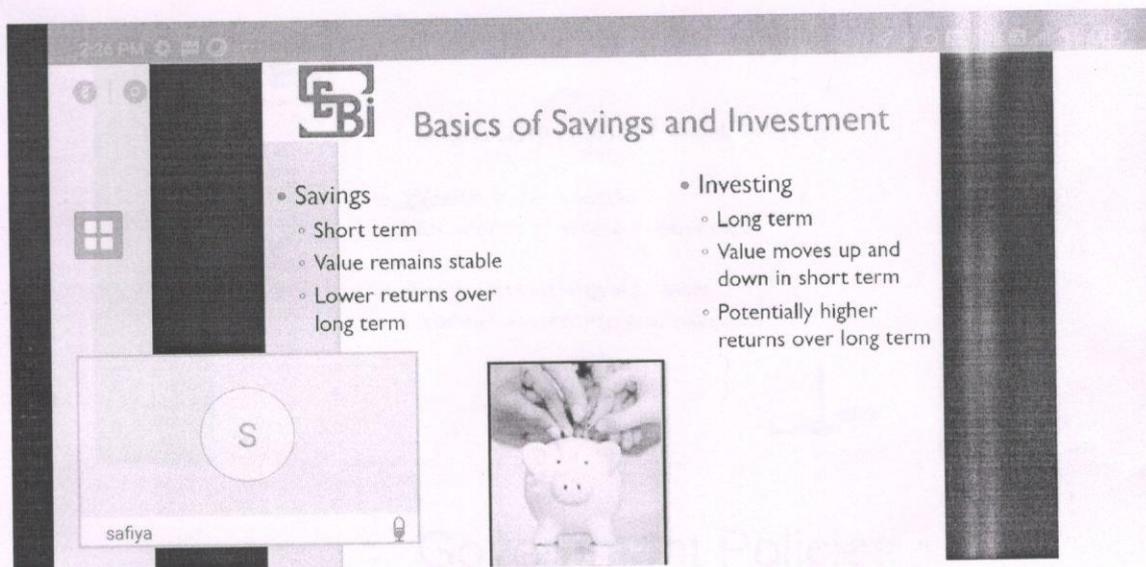

**Guest Speker Dr Sarika Lohan shared the following important inputs for the financial awareness of the students.**

in Mumbai, India, SEBI has regional offices in New Delhi, Chennai SEBI was founded on April 12, 1992, under the SEBI Act, 1992. Headquartered, Kolkata and Ahmedabad along with other local regional offices across prominent cities in India.

Securities and Exchange Board of India (SEBI) is a statutory regulatory body entrusted with the responsibility to regulate the Indian capital markets. It monitors and regulates the securities market and protects the interests of the investors by enforcing certain rules and regulations.

## Financial Planning

Financial planning is a must for every household. Financial planning goes beyond savings. It is an investment with a purpose. It is a plan to save and spend future income. It should be carefully budgeted. Financial Planning is the process of meeting your life goals through proper management of your finances. Life goals can include buying a house, saving for your child's higher education or planning for retirement.

The image shows a screenshot of a presentation slide from SEBI. The slide is titled "Basics of Savings and Investment" and features the SEBI logo. It is divided into two main sections: "Savings" and "Investing".

- Savings**
  - Short term
  - Value remains stable
  - Lower returns over long term
- Investing**
  - Long term
  - Value moves up and down in short term
  - Potentially higher returns over long term

At the bottom of the slide, there is a search bar with the name "safiya" and a small image of a piggy bank with hands putting coins into it.

1. Prachan Mishra, Myra, Yashraj, Pooja
2. Stand up india

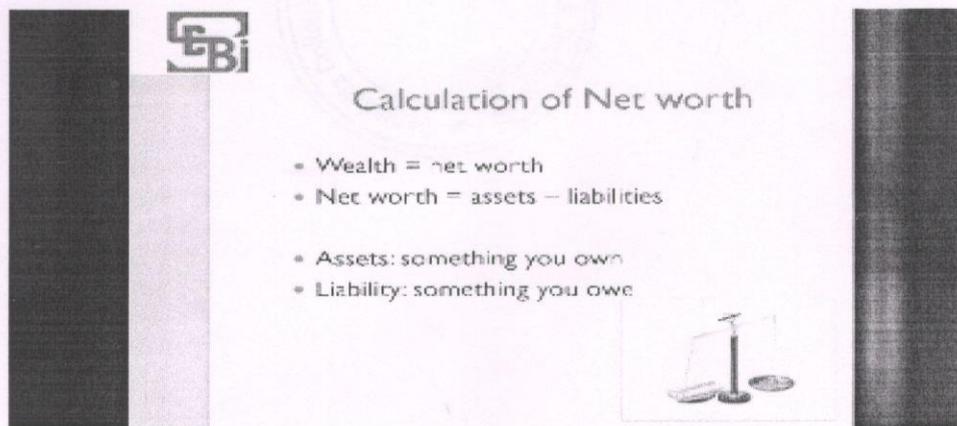

## Process of Financial Planning

1. Determine Current Financial Situation.
2. Develop your Financial Goals.
3. Identify alternate courses of action.
4. Create and Implement Financial Action Plan.
5. Revive and Revise the Financial Plan.

## How to Calculate Net Worth?

Wealth=Net Worth

Net Worth=Assets-Liabilities

The slide features a central text area with a list of definitions. To the left is a vertical bar with the 'SBI' logo. To the right is a vertical bar and a small icon of a scale of justice.

**Calculation of Net worth**

- Wealth = net worth
- Net worth = assets – liabilities
- Assets: something you own
- Liability: something you owe

## Government Policies

1. Pradhan Mantri Mudra Yojana(PMMY).
2. Stand up India.

## Conclusion

In this Session of Financial Planning held by Securities and Exchange Board of India(SEBI) we learnt many important things about Financial Planning and also about SEBI.

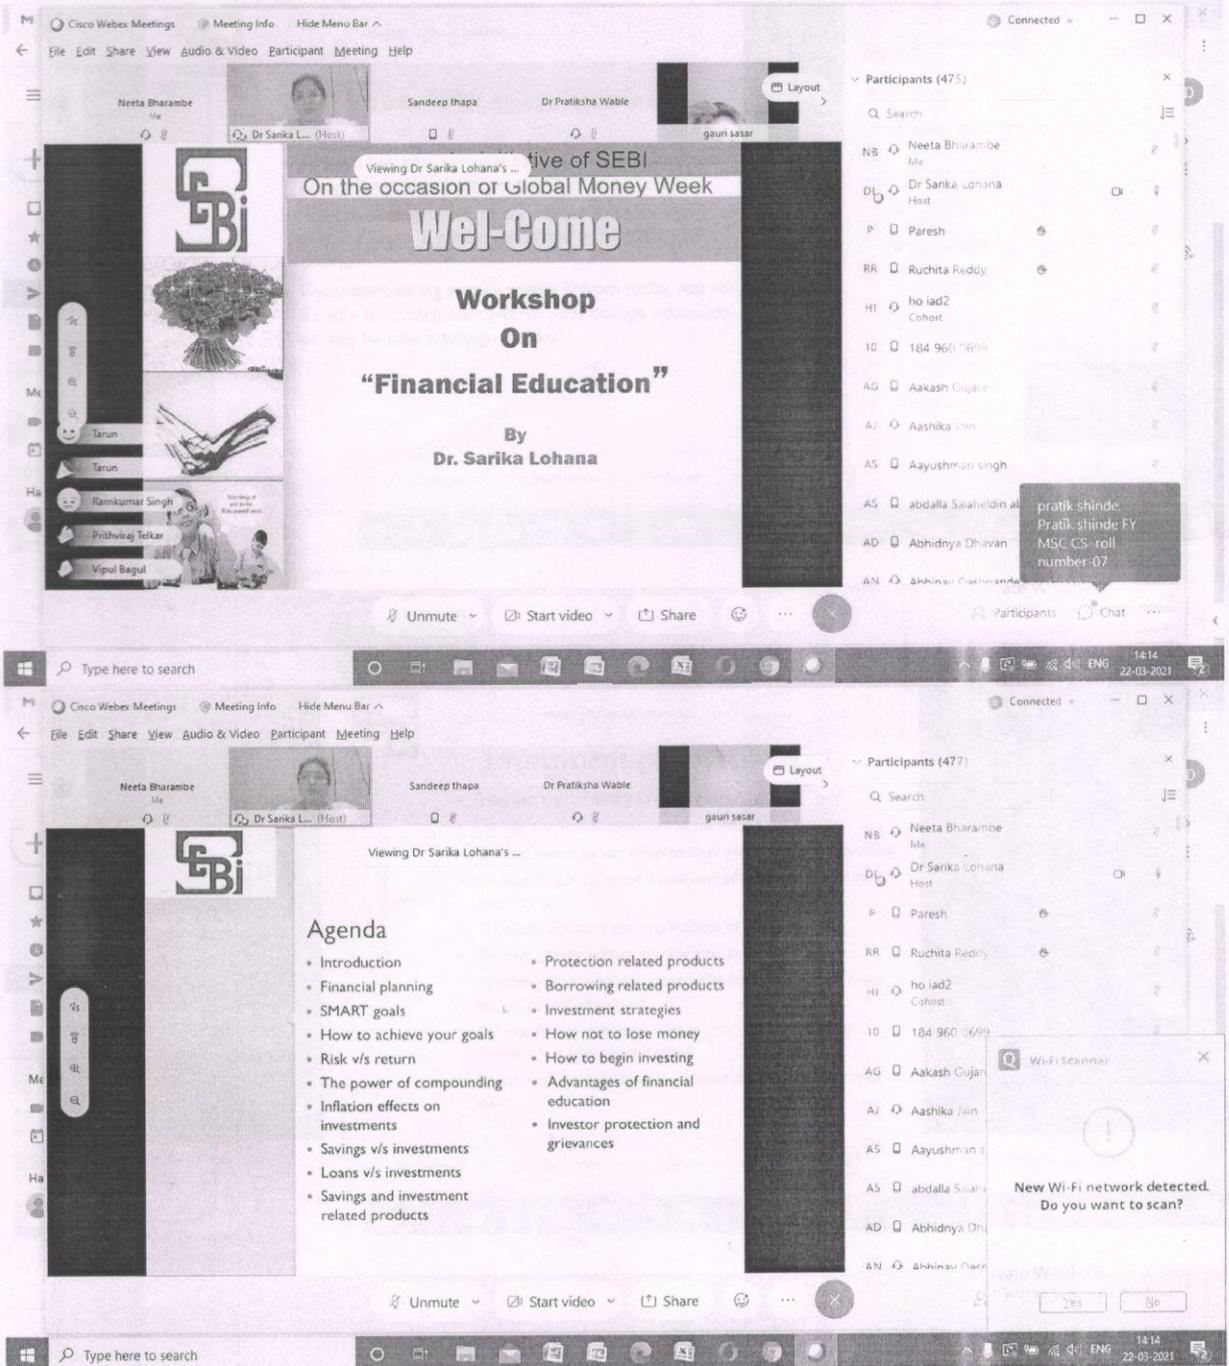

This lecture was conducted by Dr Sarika Lohane.

### AS a Student, Why should you save money?

- You can buy gifts for your parents or friends without asking for money from your parents every time.
- You can save in order to contribute towards things that are yours, E.g your computer and certification course.
- If you start saving money regularly from today, you will be able to contribute towards your college education or may be take a foreign holiday.

### Investment philosophies

- Evaluate risk of every investment
- Decide the investment based on needs
- Do not invest in any scheme that you do not understand
- Do not invest on trust. Have everything backed up by documents
- Take into account tax implication of every income
- Do not blindly follow market tips and rumours
- Anything that appears unnaturally high or low will have some "catch" disguised
- Do not follow schemes where you may protect the interest but lose the principal
- Invest with knowledge after understanding the product well

Pradhan Mantri Mudra Yojana (PMMY)

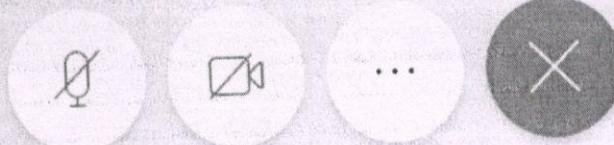

- Government of India scheme that offers business loans to proprietors or entrepreneurs of small & medium enterprises.
- Loan schemes offered under PMMY: SHISHU, KISHOR and TARUN depending upon the amount of loan availed.
- Eligibility: The borrowers must be from the following Non-corporate Small Business Segment: Proprietorship; Partnership firms; Small manufacturing units; Service sector units; Shopkeepers; Fruit or vegetable vendors; Truck operators; Food service units; Repair shops; Machine operators; Small industries; Food processors; Other industries in rural and urban areas.
- Key Documents required to avail such loans are: Proof of Identity, quotation of items purchased and category certificates.

Stand up India

- Scheme for financing SC/ST and/or Women Entrepreneurs above 18 years of age.
- Objective is to facilitate bank loans to the above mentioned target groups.
- Purpose of loan is for setting up a new enterprise in manufacturing, trading or services sector.

Dr Sarika Lohana (host)

## Report on Webinar Attended

Student Name: Sai Koppa (FY BCom)

Title: Financial Awareness for Youth

Date: 22 January 2021

Sri Jayadatta college has given an excellent opportunity for their students to attend the webinar. The webinar was very interesting and gave the opportunity to learn many topics in regard to savings and investments. As a young student and future generation of India, I find it very enriching experience.

This lecture was conducted by one of the members of SEBI (Dr. Sarika Lakshana). She began by introduction on why it is important to save money at young age and explained Rule No. 72 which is used to find out the approximate time required for doubling your money. Then she explained why investment is necessary? she explained that it helps our money to grow, it provides a cushion against inflation and helps us to maintain a certain standard of living. She mentioned some investment philosophies like we need to decide the investment based on needs, evaluate risk of every investment and invest with knowledge after understanding the product well. She further explained risk v/s Returns, the power of compounding, inflation effects on investments and risk faced by various stakeholders. The session went on to be more informative as she continued to talk about the 'GMW21' which is between

March 22 - 28 March 2021. The Major activities planned during (MMW2) are quiz competition, essay writing competition, webinars and much more. Students can be part upto age 30 years. Winners will get prize money and participants will get certificate from SEBI. At the end the session was open for questions.

To conclude the takeaway from this session is that it's important as young citizens to save and invest money as we have more time to learn and derive from our losses, can withstand more risks and potentially earn more from returns and can learn valuable life lessons that will teach you more than just investing.

## Report of National Webinar Conducted by Science Department

A National webinar on "Role of IoT in Combatng Covid-19 Pandemic" was conducted on 19<sup>th</sup> Oct 2021 on Digital Platform Microsoft Teams considering the Pandemic situation and to have a maximum outreach.

The schedule:

**DAY & DATE:**

**TUESDAY,**

**19<sup>th</sup> OCTOBER 2021**

**TIMING: 10:00 AM TO 01:00 PM**

**REGISTRATION LINK**

<https://forms.gle/rknhCPzj8ZiBrLY77>

**Chief Patrons:**

Prof. Dr. Sanjay B Chordiya,  
Founder President & Chariman

Smt. Sushama Chordiya,  
Vice President

**Advisory Committee**

Dr. Manisha Bharambe  
Member of BoS of CS, SPPU  
Vice Principal,  
Abasaheb Garware College

Dr. Shailesh Kasande  
CEO and Group Director

Dr. Abbas Lokhandwala,  
Principal, SCMIRT

The webinar was a huge success, the program was attended by more than 350+ participants.

### The Background:

A National Level Webinar is organized by, Department of Computer Science and IQAC, SCMIRT. In the Current Scenario of Covid-19 Pandemic the IoT has played a vital role in finding the health symptoms and communication of the data to the Patients and doctors across the world which has helped the global community to combat the Covid-19 Pandemic. We are glad to find this opportunity to bring the National and Global community to understand the role of IoT in combating the Covid-19 pandemic

### The Speakers:

#### The Eminent Speakers

Dr. Pariza Kamboj,  
HOD, Computer Eng. Dept.,  
SCET, Surat

Mr. Banoth Prasad,  
Co-Founder & CEO IoT Developer,  
Hyderabad

Mr. Nitin Gaikwad,  
Solution Architect, Cellpoint Digital,  
Denmark

The speakers were from different background of the IoT from educationist to mobile app developer to solution architect. The speakers put their expert view in their respective field and the need of the hour considering the pandemic Covid-19 situation.

### The Attendees:

The attendee was a mix of students, research scholar, industry professional, and faculty from the various fields. All the participants show a keen interest in the topic and the Q&A session answered the queries by the experts.

Report submission date: 22/10/2021
